

Ultrasonic Gold Firming Facial Protocol

1

PRE-CLEANSE

Splendor Makeup Remover

Code: 641P

(i) How to use

Gently massage the pampering, oil saturated cream until it softens into a milky cleansing lotion that will instantly dissolve all makeup traces and be easily rinsed off. We have invested a lot of love in formulating this cleanser to allow the users to indulge and enjoy a thorough yet extra mild facial MAKEUP REMOVAL.

(🎯) What is it for

Very important to rid the skin of all iron oxides (metal pigment) traces. While they successfully concealed excessive facial redness (during daytime) they tend to accelerate free radical damage due to the interaction with the lipids of the skin's barrier.

FACIAL CLEANSING - PHASE 1 - CAVITATION

Quillaja Papaya Enzymatic Cleansing Powder

Code: 136P

i How to use

This preservative free, fragrance free & SLS free powder has excellent cleansing properties, is environmentally friendly, and is well tolerated by delicate skin types. After cleansing with Splendor now pre-moisten your palm and add a pinch of powder. Rub the mixture until the powder gently foams and then evenly distribute to the face. With the ultrasonic in the Cavitation phase gently move over the skin simultaneously using the brush & spatula for 5 minutes. Add distilled water as needed.

+ What is it for

The Cavitation phase will help to disinfect, cleanse and gently exfoliate the top layer of the skin.

3

PEEL

Carrotinol Peeling

Code: 379S

i How to use

Apply the peel on clean dry skin. Start to massage the gel into the skin. Within a minute or less (when it absorbs body temperature), the hydrophilic nature of the peel will invert into an oily texture which allows a prolonged massage. Massage for 5-10 minutes, rinse off with water, and pat dry with a soft towel.

+ What is it for

A mildly achieved removal of dead skin cells that have accumulated on the skin's surface, allowing it to gently recover and promote skin renewal. Contains Carrot Oil, Aloe Vera (Acemannan), Hyaluronic Acid, Amino Acids & Dead Sea Water. The high content of HA hydrates and softens the upper epidermal layers. The mild enzymatic support from Pineapple Juice will result in mild yet effective exfoliation, suitable for any skin type, even delicate.

PRE-MASK

Golden Seabuckthorn Cream to Oil for Professional Massage

Code: 154S

i How to use

Massage with slow intensive movements. Within a minute, the cream will turn into a luxurious oil. Wipe off residual oil with a moist towel or tissue.

+ What is it for

The Cream to Oil allows for a prolonged massage session using only a modest amount of product. Unlike a conventional massage oil, the cream oil is easily washed off leaving the skin will feel hydrated & silky smooth.

5

MASK

A Touch of Gold Peptide Mask

Code: 100S

i How to use

Apply generously on cleansed face and neck. Leave on for 10-20 minutes of relaxation. Remove the excess with a moist towel or tissue.

+ What is it for

The mask quenches the skin with Hyaluronic acid & Xylitol to improve moisture retention, smoothness, and elasticity. The Peptides Matrixyl 3000 & Collagenine are for line smoothing & Squalane, Carrot Oil & Shea Butter for skin's lipid barrier.

9 *

EYE CARE & NECK CARE

*optional

Eye & Neck Lifting Fluid

Code: 059P

How to use

Smooth all around the eye contour and on other facial areas that require firming with several massage motions and allow to dry.

What is it for

The penetration enhanced lipoactive molecule supports the cumulative firming and wrinkle smoothing effect. Sodium Hyaluronate & Darutoside support moisture retention of the delicate skin of the eye contour.
